

First American Title™

Announcing First American Title's Online Closing/Consummation Date Timing Calculator

-  **It's flexible.** Calculate the mailing date based on consummation date or determine the earliest consummation date based on mailing date.
-  **Calendar View.** Dates are easier to understand when viewed as a calendar.
-  **You can print or e-mail.** Print or e-mail the timing calendar to clients.
-  **Rescission dates.** Rescission dates are also included to give you a full picture of your timelines on one calendar.
-  **It's smart.** The calculator knows what dates cannot be counted as delivery dates and rescission dates, taking the guesswork out of planning.
